Great Lengths Extensions

Achieve natural-looking volume and length with Great Lengths tape hair extensions. Ethically sourced from India, the extensions are made with the best quality human hair, allowing for a perfect match to your hair colour and texture.

Tape extensions are a semi-permanent method, and the hair is reusable. A fit or re-fit is required every 6-8 weeks.

The tapes have a medical grade adhesive strip designed not to cause any tension, which feels completely flat on the head. This means the extensions are gentle enough on all hair types, even clients with thinning areas.

A complimentary consultation is required before our stylists can fit your extensions, to discuss your desired results. Aftercare and maintenance will also be explained.

Extensions start from £210, including fitting, blending and styling to finish.
